

Dear Judge Beckwith,

The only day me and my dad get to play with toys is Wensday night for two hours only, and thats not fair.

Wensday is my favorite day of the week because I get to spend time with my dad. I wish my dad was home so that we could play catch and stuff, like when he was home. I miss my dad becuse I hardly see him during the week. With me years are slow. Please let my daddy come home sooner.

Sincerely,
Steven Kapp

Dear Honorable Judge Beckwith,

I am writing you this letter in regards to my husband Larry Anthony Kapp who is currently incarcerated at Tucson Federal Correctional Institute in Tucson, Arizona. The matters that I would like to address are the grounds for the appeal that we have recently filed, as well as, Larry's readiness to return to society as a law-abiding citizen. This letter was mailed with the appeal as an attachment; therefore, you should receive it at the same time as the appeal. Please take the following information into serious consideration while presiding over our appeal.

First of all I would like to shed some light on an issue that affected your sentencing of Larry. When you sentenced Larry you lengthened the amount of time that he was to be incarcerated because of his continued drug use. Larry continued to test positive for drugs because his lawyer at the time, Bert Polis, had informed him that if he could prove a drug problem he would get a year off of his sentence for completing a drug rehabilitation program. I know that Mr. Polis told my husband this because I was in the room when he was discussing it with Larry and I heard Mr. Polis say it. I did not agree with the advice but lacking through knowledge of the law we placed our faith in Mr. Polis' hands. Ironically, however, the very thing that we were advised would reduce Larry's sentence, his drug use, actually had the opposite effect; it caused you to increase his sentence. Mr. Polis did not adequately represent Larry, because Mr. Polis' bad advice led to the lengthening of Larry's sentence.

Another matter that I would like to bring to your attention is Larry's ineligibility for the drug rehabilitation program. In the courtroom, during Larry's sentencing, you stated your assumption that he would be admitted into the drug rehabilitation program and get a year off his sentence, and therefore, you further increase the length of the time he was to be incarcerated in order to compensate for this. The Federal Bureau of Prisons, however, has determined that Larry is not eligible to receive the year off his sentence upon completion of the program.

Larry, however, has been working hard to better himself and make the most of the time he must serve in prison. Since Larry has been at Tucson Federal Correctional Institute he has eagerly participated in all available educational programs that the Institution offers. He is a devoted family man and thus, continually participates in the P.A.C.T. Parenting Educational Program, which has taught him many valuable parenting techniques. This is a wonderful program because it allows him to, every Wednesday, nights spend one-on-one time with his son playing, helping him with his homework, and just being a dad. Larry has also completed the Drug Education Program. In addition, Larry has earned several certificates from Pima Community College, and would have earned an Associates of Environmental Science if Tucson Federal Correctional Institute had not discontinued the program. We were very disappointed that they choose to end the program when they did because Larry needed only two more classes to complete his degree. I have enclosed copies of the many certificates that Larry has earned, as well as, a

copy of his transcripts from Pima Community College so that you can see the tremendous progress that he has made.

Obviously, more than anything I would like my husband home with me, but despite this I am still very grateful that he is here in Tucson where we can see him every week. Larry is a good husband and a wonderful father; he is dearly missed at home. Since Larry has been gone I have been stretched to the limit trying to be a single parent, provider, housekeeper, and all while putting myself through college. On my single income finances have been very tight so I have often had to rely on food stamps to put food on the table. Having my husband home would greatly ease this burden that I have had to bear alone. But most of all he is my husband and I love him; I need him to come home. I know that Larry made a mistake, and broke the law, for that he should be punished but I pray that you have mercy on him; that you have mercy on us all. I pray that you end this misery that has been inflicted not only on Larry but on those that love him as well. Larry is capable and ready to return to society as a law-abiding citizen. So in light of the above information, I would like to ask you with all due respect to consider amending Larry's sentence. Thank you for your time and consideration in this matter.

Sincerely,

Monica Kapp

To Judge Judith Beckwith,

I'm writing this letter concerning Larry A. Kopp. I have known Larry for the last 18 years. I have a lot of respect for him and I know he has respect for me. He has done so well, we are all proud of him.

We worked together at one time, and I was his supervisor. He also did good work and was always on time and he worked well with others. Since he has been incarcerated he has been earning college credits.

Larry made a mistake but I think he's learnt his lesson. He has a wife and son waiting on him and it's very hard on them. His Mother has not been well lately and this is very hard on her. She had 2 surgeries this year and one due Aug 30, 2005.

I hope something can be done to get him out on a ~~early~~ early release.

Thank You,
Charles Tucker

Dear Judge Bickwith

I'm Larry Kapp's mother, Lucinda Kapp. You probably wonder how men are doing after you sentenced them. Larry is doing Real good. I'm proud of him.

His College Credits he has received will really come in handy when he looks for a job. The skills he already learned on the outside has got him a good job in prison on construction.

But he has alot more time left than we expected. He has me and his family waiting. Please consider his appeal. We really do appreciate him in Tucson.

Thank You,
Lucinda Kapp
